POSTER SESSIONS **APR 8, 2025 12:30 PM**

Poster session P.2:

P.2.1 Ambroziak, Patrycja *"Characterization of the SecA protein from bacterium Helicobacter pylori; the role of its C-terminal tail region."*

P.2.2 Bryant, Jack *"Interaction with and regulation of the Escherichia coli Bam complex by metalloproteases"* ***POSTER FILE***

P.2.3 Bzowa, Katarzyna *"Identification of pathogenicity factors in the genome of selected Shigella strains from Polish Collection of Microorganisms resources"* ***POSTER FILE***

P.2.4 Gawor, Jan *"ICESp1109, a novel hybrid Integrative Conjugative Element detected in macrolide-resistant Streptococcus pyogenes M77 collected between 2003 and 2017 in Poland"* ***POSTER FILE***

P.2.5 Gmiter, Dawid *"In-Depth Exploration of the Phylogenetic Relationships and Pan-Genome Structure of Proteus mirabilis"* ***POSTER FILE***

P.2.6 Konarska, Julia *"Role of sRNA OmrA in the regulation of virulence and biofilm formation in Yersinia enterocolitica"* ***POSTER FILE***

P.2.7 Kosecka-Strojek, Maja *"Diversity of SCCmec elements and virulence genes presence in coagulase-negative staphylococci from inpatient and outpatient settings"* ***POSTER FILE***

P.2.8 Krakowska, Elvira *"Genome-wide analysis of DNA binding sites of proteins involved in the maintenance of the secondary chromosome of Allorhizobium ampelinum S4"*

P.2.9 Luo, Jaelyn *"An ABC Transporter Mutant of Mycobacterium smegmatis Resistant to a Membrane-Fluidizing Drug"*

SPEAKER:

No items found.

LOCATION:

Poster session 2 [ZOOM}

P.2.10 Murawska, Małgorzata *"Loss of single methylations in small ribosomal subunit alters amino acid biosynthesis operons in Campylobacter jejuni"* ***POSTER FILE***

P.2.11 Musiał, Klaudia *"Unraveling the Role of the nar Operon in Proteus mirabilis Virulence"* ***POSTER FILE***

P.2.12 Orczykowska-Kotyna, Monika *"High frequency of ST22-MRSA in Polish hospitals"*

P.2.13 Petruńko, Leon *"The putative aga operon, and its role in Proteus mirabilis virulence."* ***POSTER FILE***

P.2.14 Pospiech, Karolina *"Genomic characterisation of environmental Yersinia ruckeri strains"* ***POSTER FILE***

P.2.15 Sun, Tiffany *"Host Adaptation and Antibiotic resistance in livestock-associated MRSA"*

P.2.16 Tasinkiewicz, Anastazja *"The virulence plasmids of Cronobacter spp. encode functional contact-dependent growth inhibition (CDI) systems"* ***POSTER FILE***

P.2.17 Wiktorczyk-Kapischke, Natalia *"The influence of stress factors on selected pheno- and genotypic feature of Listeria monocytogenes – a pilot study"*

Developed by Nobell Congressing
